

KIT TITAN

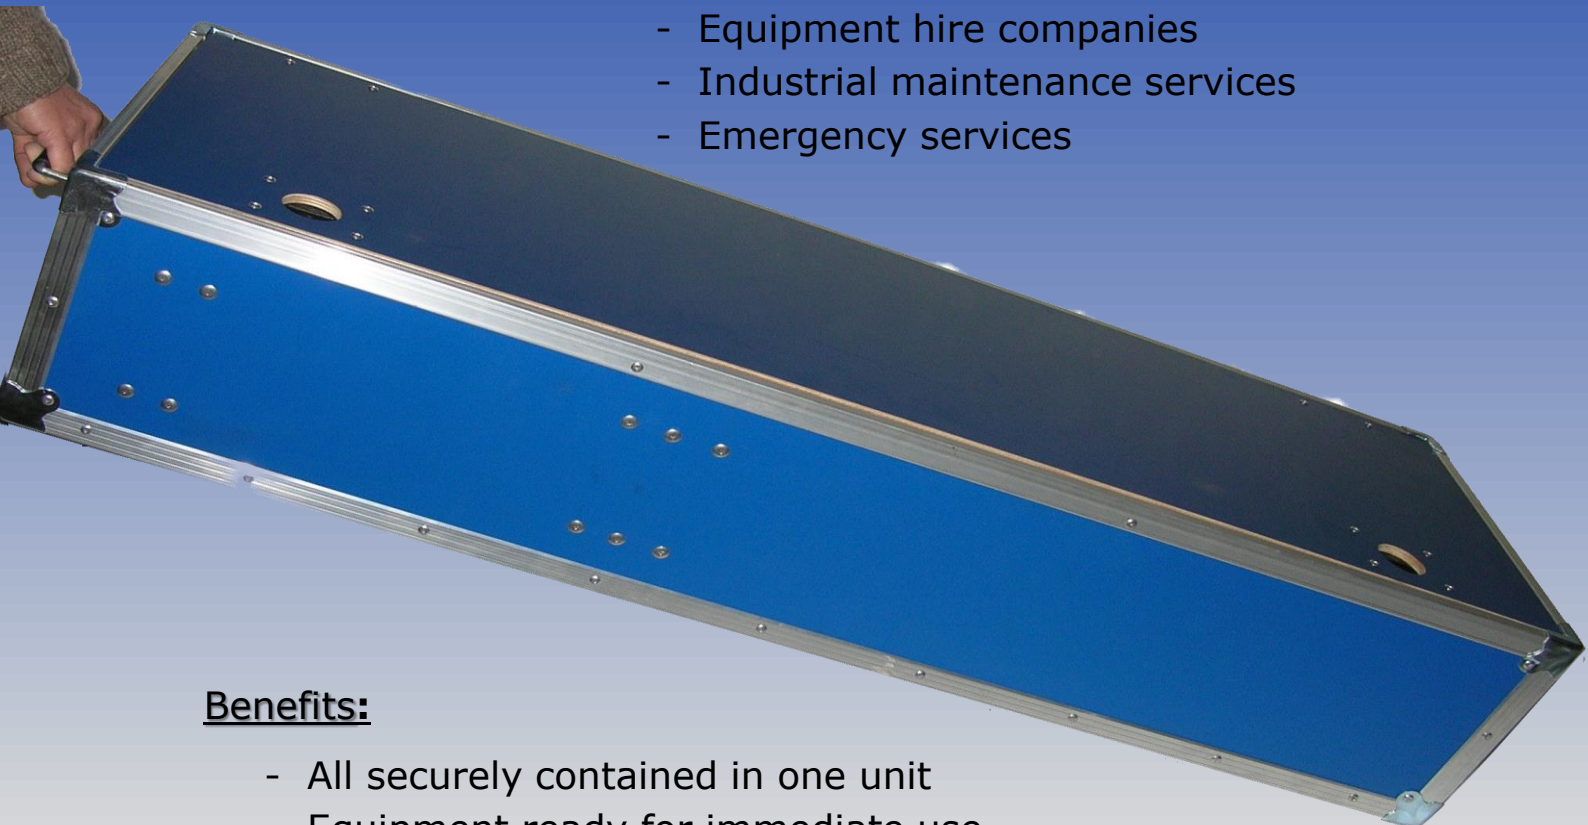

ELC has designed a portable lighting kit presented in a flight case with wheels, equipped with 2 handles for easy handling and enabling easy storage and transport of:

- 1 **LUMAPHORE® LED**
- 1 telescopic mast 3 m with or without winch
Option with a 4 meters mast : TITAN XL Kit
- 1 anchor kit

All the equipment is securely stored in specially formed compartments to ensure their protection when transported.

The **TITAN kit** is ideally suited for:

- Equipment hire companies
- Industrial maintenance services
- Emergency services

Benefits:

- All securely contained in one unit
- Equipment ready for immediate use
- Sized for easy handling
